VOLUNTEER

- The Women's Fund
- Yes! Prep
- ACLU Event Coordinator

KEY || 2016
- Web application uniting internal project management with the advance process often required for large-scale event production.
- Create customized advance forms.
- Search, manipulate, and communicate pertinent event data in one centralized location.
- Assign tasks and track team progress.

FREE PRESS SUMMER FESTIVAL || 2012 - 2016
- Manage personnel and develop and implement policies for procurement, accounting, and human resources.
- Draft a variety of agreements and contracts, including sponsorship agreements, vendor agreements, employment contracts, city services, art installations, permits, and catering contracts.
- Provide on site troubleshooting in conjunction with various departments, as needed.
- Develop, implement, and oversee internal communication systems within FPSF.

THE PARTY CZAR || 2010 - Present
- Build and maintain client relationships including consultation and strategic planning to ensure client satisfaction.
- Develop and execute event programming and planning, logistical production, talent and entertainment relations and management, strategic planning, and onsite troubleshooting.

EDUCATION

- De Montfort University || BA in Law || 2004
- London College of Law || Graduate Diploma of Law || 2008
- University of Sussex || LLM in Family Law || 2006
- BAR Membership || New York || 2011

THE IRON YARD || 2016
- A 12 week immersive coding school. The course begins with HTML and CSS, quickly moving into C#, ASP.NET, test driven development, RESTful APIs and databases. The course mimicked fast-paced experience based learning with a focus on product development, object oriented programming, and complex data structures.
